

2012 Australian Dressage Leaderboards

Groomers Products are excited to support a new initiative for Australian Dressage in 2012...

How does it work?

- Riders submit their best 5 scores at their respective level which are then averaged out and the resulting percentage used to rank you against other riders at your level across Australia!

How do I better my ranking?

- Simply visit the website (www.dressageleaderboards.com) and use the submission form to enter a score that is higher than one of your current top 5 scores! Download our handy spreadsheet to help you keep track of your top 5 scores.

Who can enter and what levels are catered for?

- Any horse and rider combination (including ponies!) competing in official dressage competitions can enter the leaderboards! There are 9 levels: Preliminary, Novice, Elementary, Medium, Advanced, Prix St Georges, Inter I, Inter II and Grand Prix. ***Please note:** Freestyle, HC and associate tests do not count.

How do I enter?

- Visit the website (www.dressageleaderboards.com) and download the free spreadsheet to enter your initial 5 scores (and then email it to us: adam@dressageleaderboards.com). Then use the submission form on the website when you better one of your top 5 scores and we will update your score and ranking as the year progresses.

Are there any prizes?

- Yes! Winners of each level (9 in total) will receive an embroidered cotton show rug with binding AND featuring your name and your horse's, a beautiful rosette and a gift voucher from our major sponsor Groomers Products! The top 10 in each level (90 in total) will receive beautiful rosettes!

Why should I enter?

- You can use the leaderboards to help promote yourself to potential sponsors (results will also be published in every edition of the national equestrian magazine, Equine Excellence!), see how your scores compare to others in your state and Australia wide, win great prizes and reward yourself for all the hard work you put into your riding - plus it's completely free to enter!
